

Wireless Gravity Smartphone holder for autos with a quick charger

SKU: TESUPGRAVWIRLITE10W

Holder has an automatic closure mechanism which secures smartphones of up to 6.5". Comes equipped with an air-vent clip, wireless charging capability and ADS technology

COMES IN HANDY WHEN TRAVELING BY AUTO

This **Gravity holder** allows you to **attach** your smartphone to your auto and **charge** your phone **via wirelessly**. Always keep a safe eye on your road map as your device remains powered up and fully charged.

PRACTICAL AND EASY AUTOMATIC CLOSURE

Avoid accidental slipping once and for all. The holder, **designed for devices up to 6.5"**, comes with a clip that attaches to your auto's air vents. The Gravity holder has with an **automatic closure** mechanism. Simply slide the smartphone onto the lower arm and the weight of your device triggers the side-clamps' closure.

WIRELESS CHARGING: HERE'S HOW

This Gravity holder is designed to charge all smartphones that support **Qi technology**, the standard for wireless power transfer.

The package includes a **charging cable**. Connect the Micro USB end to the holder and plug the USB connector into your auto's dedicated socket. This provides power to the Gravity holder. Next, secure your smartphone between the clamps. Your phone will start to charge immediately-- **there is no need to connect any charging cable**.

FAST SAFE CHARGING

The Gravity holder allows you to quickly charge your smartphone. Your device will reach a **50%** energy level in just 30 minutes. You need to insert the power cable's USB connector into a **Quick Charge** charger while the Micro USB socket is inserted into the holder.

This accessory is designed to regulate the charging energy transferred to different smartphone models without overheating or overcharging. Thanks to **ADS technology (Automatic Detection System)**, the Gravity holder is also suitable for iPhone XS, XR and XS Max models using 7.5 watts of power.

FEATURES:

- Support with 10-Watt Wireless Charging
- ADS (Automatic Detection System) Technology
- Automatic closure secures the smartphone between the clamps
- Clip for attaching the holder to auto air vents
- Device charge level after 30 minutes with Quick Charge charger: 50%*
- USB 2.0 Charging Cable - Micro USB Included

*Charging times are approximate and depend on the battery capacity of the device being charged.
